

# If We Can Tag It..... We Can Track It

- Monitor, manage, and track valuable assets (creation to destruction)
- Chain of custody
- Fast and Accurate inventory audits
- Platform solution tracking all different types of assets

SAM – “Tag It - Find It - Track It - Manage It”

- Asset Maintenance Management
- Knowing asset current location
- Asset Depreciation Management
- Flexibility to manage assets from any location
- Eliminate costs for missing/lost assets
- Retention Policy Management
