

Eighth Day Design COVID-19 Capabilities

Key Services

With the COVID-19 pandemic affecting both people and places of business, **Eighth Day Design** is rethinking the future of the corporate workplace.

We are prepared to implement different measures we believe will adapt your existing workplace to accommodate social distancing rules while maintaining a functional and efficient workplace. Whether it is installing integrated workplace strategy software or adapting existing furniture, our designers and IWMS experts are here and available to talk through all available options. Our teams are actively engaged with industry experts and evolving COVID standards to develop solutions that best fit our client's unique needs and circumstances. We hope that our list of capabilities below will inspire you to consider ways EDD can help prepare your workplace for life after COVID-19.

Interior Design

- WELL-Accredited Professionals available to advise and implement standards that promote health and wellness for your organization.
- Adapt floor plans to illustrate new traffic patterns and distancing requirements.
- Adapt seating plans in open areas and common use spaces to ensure separation.
- Advise on products to facilitate good hygiene in high traffic areas.
- Provide door and cabinet hardware options for hands free use.
- Review restrooms and common use areas for adoption of touchless fixtures and accessories.
- Provide solutions to adapt existing furniture to improve clean-ability and separation.
- Design graphics packages to facilitate communication of new office practices and procedures.
- Manage a multi-disciplinary team of professionals to address specific Mechanical, Electrical, Plumbing, Industrial Hygiene, Ergonomics and Occupational Health issues.
- Specify and design installation of mechanical systems to improve air ventilation, filtration, and movement.

IWMS Services

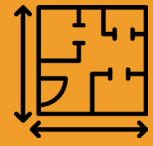

- Space Planning that includes social distancing rules and regulations
- Signage for high traffic areas (identify high traffic areas)
- Team zoning to minimize unnecessary traffic
- Move management to regulate used office space
- Facilities data for back-to-work phase planning
- Facilities data which helps provide information to drive decisions
- Data driven sanitation regulations
- Track and manage shared space usage (meeting rooms, pantries)
- Personalized data can help drive decisions for staggered returns and floor to floor occupancy limits.

Health and safety are our #1 priority and will continue to guide our recommendations to each of our clients who are looking to make their transitions back. For more information, please visit our website at www.eighthday.com or reach out directly to a member of our team.
